

# ADP Purchasing the Run Connector

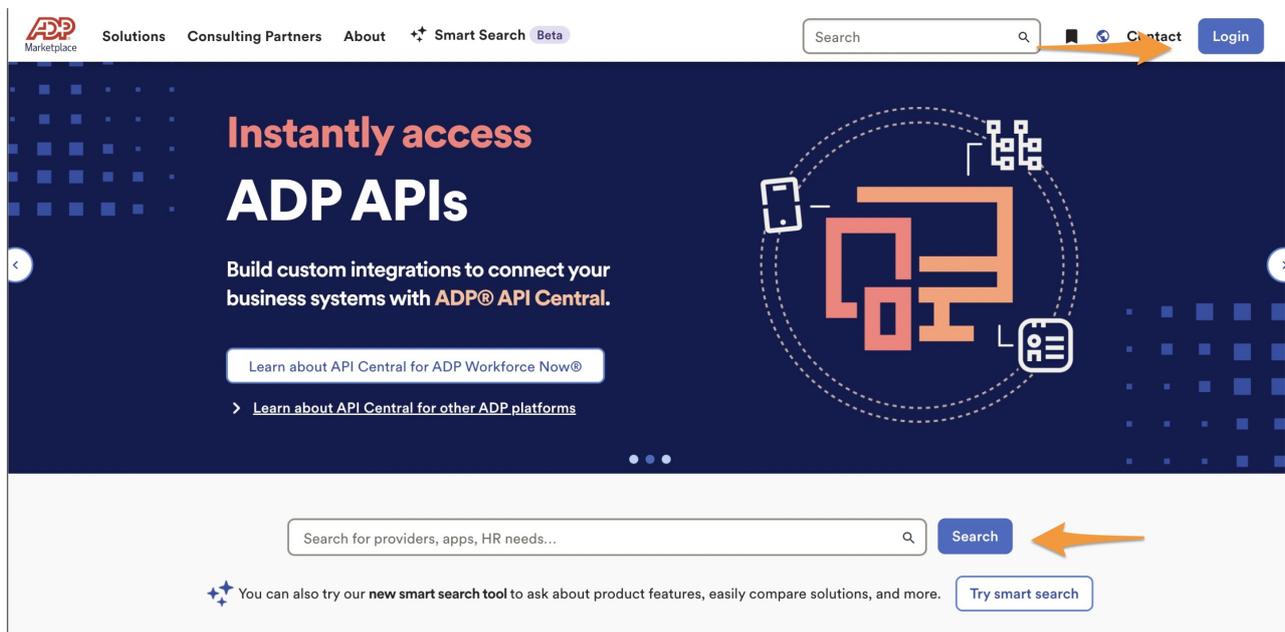

Last Modified on 04/25/2025 2:57 pm MDT

## Purchasing the ADP Run® Connector

Two important notes before you begin:

- If multiple Run accounts are being synced, please refer to the article for [Preparing Multi-Unit ADP Run Accounts for ADP App Marketplace](#) and complete those steps BEFORE the steps in this article.
- All of the below steps must be completed, if you stop after clicking "place order," you will not be able to use the connector.

1. Go to [apps.adp.com](https://apps.adp.com) and use your run credentials to login; or navigate to the ADP App Marketplace via your RUN account.

The screenshot shows the ADP App Marketplace website. At the top, there is a navigation bar with the ADP Marketplace logo, links for Solutions, Consulting Partners, About, and Smart Search (Beta). A search bar is located in the top right corner, with an orange arrow pointing to it. Below the navigation bar, there is a large banner for ADP APIs. The banner features the text "Instantly access ADP APIs" and "Build custom integrations to connect your business systems with ADP® API Central." There are two buttons: "Learn about API Central for ADP Workforce Now®" and "> Learn about API Central for other ADP platforms". Below the banner, there is a search bar with the placeholder text "Search for providers, apps, HR needs..." and a "Search" button, with an orange arrow pointing to it. Below the search bar, there is a link to "Try smart search" and a note: "You can also try our new smart search tool to ask about product features, easily compare solutions, and more."

2. Using the search bar, navigate to the [SpotOn Teamwork Connector for ADP Run Marketplace Listing](#).

3. Click "Buy Now."

10. You will be redirected to ADP's Consent Manager, click "Allow," then click "Continue."

### Client Authorization

---

Dolce Software Data Connector  
by Dolce Software LLC

*You hereby:*

- Allow read access to your basic contact information
- Allow read access to your time off balances
- Allow read access to your time off requests
- Allow read access to your unique identifier
- Allow read access to your worker profile that includes personal demographic information, tax IDs, personal address, personal communication mechanisms, employment/contracting information and compensation
- Allow write access into ADP systems for worker's timesheets

---

*By clicking 'Allow', you are authorizing and instructing ADP to provide your data to this application. You are authorizing the use of your data obtained from ADP in accordance with the application terms of service and with the privacy policy found on the application's web site. Note that application users may be able to perform actions and/or access data that they would otherwise not be authorized to do within ADP systems; please verify access controls with the application owner.*

*You can always modify this setting and manage other account permissions at any time through the ADP Consent Manager. Note that any modifications made will not affect data you have previously authorized ADP to provide to this application.*

11. ADP's Consent Manager will prompt you again, click "Allow."

## Client Data Access Authorization/Instruction

Dolce Software End User  
by Dolce Software LLC

You hereby:

- Allow read access to your basic contact information
- Allow read access to your unique identifier

*By clicking 'Allow', you are authorizing and instructing ADP to provide your data to this application. You are authorizing the use of your data obtained by ADP in accordance with the application terms of service and the privacy policy found on the application's web site. For clients outside the U.S.A and Canada, this instruction is provided pursuant to the Client Instruction Agreement (a.k.a. Client Consent Agreement). Note that application users may be able to perform actions and/or access data that they would otherwise not be authorized to do within ADP systems; please verify access controls with the application owner.*

*You can always modify this setting and manage other account permissions at any time through the ADP Consent Manager. Note that any modification made will not affect data you have previously authorized ADP to provide to this application.*

ALLOW DENY

You are connected. Well done! Please email [teamworksupport@spoton.com](mailto:teamworksupport@spoton.com) and let us know that you are ready to configure your first payroll.

NOTE: If multiple Run accounts are being synced, the above steps need to be taken for each account. Please refer to the article for [Preparing Multi-Unit ADP Run Accounts for ADP App Marketplace](#)
