

# Viewing Your Pay

Last Modified on 11/06/2023 1:31 pm MST

Teamwork is not a payroll processor, so we do not house paystubs.

Employees whose employers utilize SpotOn Teamwork use our system to pass paydata to their payroll company of choice. We'd recommend asking your manager or employer for specifics if you have any additional questions!

You **are** able to review your hours worked, wages, and tips where applicable (pre-taxes) within your Teamwork mobile application and desktop:
